Jr. High Basecamps at Zephyr Point are designed for students who know deep inside that there is something bigger than themselves. They are for students who feel that there is something still to be discovered about life and what it means to fully live instead of merely growing accustomed to the mundane routine of it all. Situated on the shoreline of Lake Tahoe, Zephyr Point is a place where students can develop eyes that can see and ears that can hear in order to reconnect them with both who God created them to be and the purposes He has for their lives. It's more than a week at camp. It's an opportunity to get away from it all to engage Jesus Christ and the redemptive narrative of His Gospel!

Basecamp is loaded with all the activities that a summer on Lake Tahoe can provide, but the emphasis is built around a week of Christian ministry with high intensity and deep integrity. Here at Zephyr Point, we believe that youth are not merely the "future" of the church, rather they are the church right now! Therefore, youth need to be encouraged to discover what it is that God is calling them to by first understanding who He created them to be and the life into which they've been set free through the life, death and resurrection of Jesus Christ!
